

EXPORTERS FROM INDIA

NEWTON[®] EXPORTS

One Partner. All of India.

Sourcing • Export Management • Private Label • Global Delivery

Why Source from India?

India is one of the world's most dynamic manufacturing economies - combining competitive pricing, a vast supplier base, English-language business culture and a government actively incentivising exports. For global buyers, India represents a sourcing opportunity that few markets can match for breadth, quality and value.

The Newton Exports Difference

01

VERIFIED SUPPLIERS

We identify and vet manufacturers - not trading companies. Every supplier is assessed for export readiness, quality systems and production capacity before we recommend them.

02

END-TO-END EXECUTION

From product specification to container loading - we manage the complete India-side operation. Documentation, inspections, freight coordination and customs clearance.

03

LONG-TERM PARTNERS

We are not a one-shipment broker. Newton Exports is built for buyers establishing a sustained India supply chain - with accountability and speed at every stage.

Markets We Serve

- North & South America
- Europe, Asia & Africa
- Middle East, Australia & Beyond

FTA ADVANTAGE

India has active Free Trade Agreements with the UAE, Australia, Japan, South Korea, ASEAN nations, the UK and more. Buyers in these markets can claim preferential import duty rates on qualifying Indian goods with the correct Certificate of Origin.

THE CURRENCY ADVANTAGE

The Indian Rupee has depreciated consistently against the USD and Euro - making Indian goods progressively more price-competitive for international buyers every year.

ESTABLISHED CREDIBILITY

Newton Exports holds IEC No. 0504005693 - registered since *April 2004*. We bring 25+ years of entrepreneurship and international trade experience across three continents.

What We Do for You

Sourcing & Verification

Identify and vet manufacturers across India. Identify multiple supplier options with capability verification.

Export Management

Complete India-side operation management: production, inspection, documentation, shipping, bill filing and freight coordination.

Private Label & OEM

Full private label production - from artwork and samples to bulk manufacturing and branded export shipments.

Documentation & Compliance

Commercial Invoice, Packing List, Certificate of Origin, GST, Certifications, every document reviewed for accuracy before sailing.

Shipping & Logistics

FCL and LCL sea freight across JNPT Mumbai, Mundra, Chennai, Kolkata. Air freight for samples and urgent orders. Ex-works, FOB or CIF.

Consolidation Services

Multi-supplier consolidation into a single container - reducing freight costs and simplifying your import customs.

India Exports Virtually Everything

India's manufacturing base spans over 20 industrial sectors. Newton Exports sources across the full breadth of India's export economy - if it's made in India, we can source it.

Engineering & Industrial	Chemicals & Allied	Plastics & Polymers	Packaging Materials
Construction Inputs	Electrical Components	Mechanical Parts	Consumer Goods
Home Décor & Lifestyle	Fashion & Textiles	Leather Goods	Footwear
Agri & Food Products	Pharmaceuticals	Handicrafts & Giftware	And Much More →

How we work

01

DISCOVER

You share your product requirement, volume, target market and timeline.

02

VALIDATE

We identify and assess multiple qualified Indian manufacturers.

03

NEGOTIATE

We secure pricing, terms, and timelines aligned with your commercial targets.

04

EXECUTE

Production monitoring, inspection, documents and freight-all managed from India.

ONE PARTNER. ALL OF INDIA. NEWTON EXPORTS.

Ready to Source from India?

Tell us what you need. We'll identify verified Indian manufacturers, coordinate samples, manage export documentation and deliver your goods - as a single accountable partner from India to your door.
